

TINASHE MUNDIETA

Front-End Web Developer

Harare, Zimbabwe (CAT, UTC+2) | +263 779 941 427 | tinashemundieta36@gmail.com

tinashemundieta.vercel.app | github.com/Tinashe623

PROFESSIONAL SUMMARY

Front-End Developer with production experience building responsive React and TypeScript applications and integrating REST APIs. Currently contributing to a blockchain web platform at Farscorp Solutions. Comfortable working in remote and distributed team environments via Git, GitHub, Jira, and Slack. Known for clean, reusable components and polished user experiences across all devices.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), TypeScript, React.js, Vite, HTML5, CSS3

UI & Styling: Tailwind CSS, Chakra UI

Tools & Platforms: VS Code, Git, GitHub, Vercel, Netlify, Jira, Slack

Systems: Linux (Zorin/Ubuntu), Bash/Terminal, Windows

PROFESSIONAL EXPERIENCE

Front-End Developer (Internship) | **Farscorp Solutions** | *April 2025 – Present*

- Developed 10+ reusable React components, improving UI consistency across the platform
- Integrated frontend with backend REST APIs; debugged async data flows and resolved rendering issues
- Built fully responsive layouts tested across mobile, tablet, and desktop breakpoints
- Collaborated remotely via Git branching, pull requests, async code reviews, Jira and Slack
